MAXI HI-TECH GUN

THE MOST POWERFUL
FLAME SPRAY GUN EVER.
DOUBLE SPEED,
DOUBLE EFFICIENCY.

NEW

NEW MAXI HI-TECH GUN: TWO GUNS IN ONE!

Reduce your coating time thanks to the latest innovation of the IBIX INDUSTRIAL GLADIATOR Flame Spray product range.

The new MAXI HI-TECH gun, thanks to a spray pattern more than doubled compared to the one produced by the CENTURION gun (30 cm vs 14 cm), allows you to coat up to 300 square meters (on concrete) in a single working day.

FEATURES AND TECHNICAL DATA:

- Available in the metals coating version - with handle and trigger – and in the concrete coating variant as well - with straight handle and the AIR COOLING SYSTEM heat exchanger, for constant spraying even after many working hours;
- Spray pattern more than doubled (30 cm);
- Increased heat delivery capacity;
- Greater thickness in fewer passes and more homogeneous coating results.

Halved coating times

NEW MAXI HI-TECH GUN

COMPATIBLE WITH ALL MANUAL AND SEMI-AUTOMATIC SYSTEMS OF THE IBIX GLADIATOR RANGE
